Profile

A software engineering graduate from ALX Africa, driven by a passion for developing sustainable and innovative technology solutions. My experience encompasses diverse projects, including independent work and collaborative efforts, showcased in my portfolio and GitHub. Throughout my journey, I have actively pursued continuous learning and embraced new challenges to expand my knowledge and skills. I am seeking software engineering role where I can leverage my expertise to create meaningful impact, particularly in improving people's livelihoods through technology.

Education

- Holberton School / ALX AFRICA (2022 - 2023) – Software Engineering
- Power Learn Project (June - September 2022) – Python Programming
- Kenyatta University (2013 - 2019) - Bachelor of Environmental Studies (Resource conservation)
- Khamis High school (2009 - 2012)- KCSE (Kenya Certificate Of Secondary Education) Mean Grade B plain
- Mwamba Academy(1998 - 2008)- KCPE 353/500 marks

Work Experience

Elloe AI (May 2022 – Current)

Web Development Intern

1. Maintaining and supervising data accuracy.
2. Supporting the execution and data integrity of strategic projects.
3. Maintaining, and provide reporting support for the system and users.
4. Collaborating with other developers to integrate web-based components with back-end systems.

IEBC (August 2022)
